Diagrams Christian Kuras, Duncan MacKenzie, 2015 Literary Nonfiction. Art. Introduced by Matthew Scott. DIAGRAMS is a book that collects 49 diagram drawings made between 2009 and 2014, and includes a conversation-based essay between the artists and the Canadian math scholar, Matthew Scott. These diagrams are an attempt at using the objective visual language of mathematical diagramming to illustrate some of the most important concepts we use to underpin our subjective understanding of the world. In what seems like a hopeless task, the central concern is not how these must inevitably fail to communicate in a truly objective way, but how they might actually succeed.

To Catch a Prince May Sage, 2018-04-10 A power has risen in the lands, a dark shadow no one seems to understand. As the newest Enchantress, Talia knows her duty lies in finding it. But she's failed the bonds of blood once, looking away as her sister was continuously abused; she can't leave while she can be of use to her. Especially since she may never come back. Vincent, the playful, bashful Prince of the Dragon Realm, knows a thing or two about concealing a dark secret behind pretty smiles; he can tell the frighteningly powerful Talia is hiding something, and he fully intends to find out what. *To Catch a Prince* is book two of the Age of Gold fantasy romance series. Disclaimer: Unlike many fantasy books, *To Catch a Prince* is NOT a clean read. Expect swear words and adult situations. If you enjoy your books free of f-words, this one isn't for you. *To Catch a Prince* is a follow up to *To Claim a King* and ought to be read after the first book. The story of Talia and Vincent ends there but the Age of Gold arch will carry on in the next volumes. Book one: *To Claim a King*. Book three: *To Tame a Rogue*. Scheduled Spring/Summer 2018. Spin off - happening simultaneously: *Gold and Shadows*.

The Tooth Shirley Jackson,2011-02-15 Including her iconic tale The Lottery, The Tooth brings together a short selection of Shirley Jackson's most sinister stories. 'Her stories are among the most terrifying ever written' Donna Tartt 'Her tooth, which had brought her here unerringly, seemed now the only part of her to have any identity. It seemed to have had its picture taken without her; it was the important creature which must be recorded and examined and gratified; she was only its unwilling vehicle...' The creeping unease of lives squandered and the bloody glee of lives lost is chillingly captured in these five tales of casual cruelty by a master of the short story. Portraying insanity, disturbing encounters, troubling children and a sinister lottery, Shirley Jackson's work has an unmatched power to unnerve and unsettle. Shirley Jackson was born in California in 1916. When her short story The Lottery was first published in The New Yorker in 1948, readers were so horrified they sent her hate mail; it has since become one of the greatest American stories of all time. Her first novel, The Road Through the Wall, was published in the same year and was followed by five more: Hangsaman, The Bird's Nest, The Sundial, The Haunting of Hill House and We Have Always Lived in the Castle, widely seen as her masterpiece. Shirley Jackson died in her sleep at the age of 48. 'An amazing writer' Neil Gaiman 'The world of Shirley Jackson is eerie and unforgettable ... It is a place where things are not what they seem; even on a morning that is sunny and clear there is always the threat of darkness looming, of things taking a turn for the worse' A. M. Homes 'Shirley Jackson is unparalleled as a leader in the field of beautifully written, quiet, cumulative shudders' Dorothy Parker

Structura 3 ,2015-02-15 The highly anticipated follow-up to Structura and Structura2 is the newest collection of images from Halo art director Sparth (Nicolas Bouvier), who takes views on an amazing journey to imaginary lands with artwork that is not only visually stunning, but also equally inspiring--Page 4 of cover.

The Winter Prince Elizabeth Wein,2013-07-09 Brave Medraut is a fitting heir to the throne—but he can never be king—in this fantasy retelling of the legend of Mordred from the author of Code Name Verity. Medraut is the eldest son of High King Artos, and would-be heir to the British throne—if not for an unfortunate circumstance of birth. Instead, his weak and unskilled half-brother, Llew, is chosen as successor. Medraut cannot bear the thought of being ruled by the boy who has taken what he believes is rightfully his. Consumed by jealousy, he turns to Morgause, the high king's treacherous sister, who exploits Medraut's shame and plots to take over the throne. But when Medraut discovers Llew's inner strength and goodness, he finds his battle is not just with the kingdom, but with the demons inside himself. Now he must choose where his allegiances truly lie. Perfect for readers of Robin McKinley and Jane Yolen, The Winter Prince is an “engrossing” novel that “fantasy lovers and devotees of Arthurian legends will enjoy,” from an author who has won honors ranging from the Carnegie Medal to the Edgar Award (Booklist). This ebook features an illustrated biography of Elizabeth Wein including rare images from the author's personal collection.

Circular Squares Rushi Nimmala,2021-10-18 This book is a collection of narratives that I penned since I was twelve (2017-2018). Though lots of it has been lost, I had the tale firmly in my mind and I rewritten them in order to publish the book. Many people will have a wonderful experience in their school since lots of people around them flanked them, and also, they were sociable. I too was sociable since I was eleven, since when it closely attached me to the habit of writing tales.

Wicca Elemental Magic Lisa Chamberlain,2014-10-22 Everything You Need to Know About Working with the Magic of the Elements For thousands of years, our ancestors believed that the Elements - Earth, Air, Fire, and Water - were the building blocks of the Universe, and their inherent properties and energies could be directed to manifest particular outcomes. This

belief grew and evolved over time as part of the Western Mystery Tradition, a body of beliefs that has had significant influence on the dynamic nature-based religion known as Wicca. Through ritual and magic, Wiccans interact with the primal forces of the Elements in a variety of ways, calling upon them for assistance in the transformation of their realities just as the earliest shamans did in the ancient world. You may already be aware of some aspects of how the Elements figure into Wiccan practice. For example, you may know that each is represented by different ritual tools-the pentacle for Earth, the wand for Air, the cup for Water and the athame for Fire. But did you know that the psychic energies of each Element are found within each and every person on the planet? Or that by connecting spiritually with a particular Element you can help address an imbalance in your life? And let's not forget the all-important Fifth Element, known in many traditions as Akasha, or simply Spirit, which contains the other four and yet is an Element in its own right. But if all of the above is news to you, don't worry-it really doesn't matter how much you've learned so far about Wicca or the Elements. Elemental Magic was created for both beginners and more experienced Witches alike. In this guide, best-selling author Lisa Chamberlain covers it all: the basics of incorporating the Elements into your rituals, as well as less-often discussed topics like animism, Elemental personalities, and using these forces of nature to help you enhance your magical perception. Indeed, as you will see, an Element-centered practice is a rich and rewarding way to deepen your connection to the Goddess and God, to Nature, the Universe, or whatever terms your particular belief system ascribes to the power of All That Is. Foundations of Elemental Magic In order to truly grasp the underlying concepts behind working with the Elements, it's important to learn how these components-Earth, Air, Fire, Water and Spirit-came to be defined in Western magical traditions. You'll also need a close look at each individual Element to understand its inherent properties and its potential to transform your magical practice. You'll find all of this in Elemental Magic and much more: Our earliest civilizations' understandings of the Elements and their relationship to magic How recent scientific observations reflect these ancient concepts The core magical properties of each Element: Earth, Air, Fire, Water and Spirit, and how we are personally influenced by these energies Ways of attuning with individual Elements for enhanced living and magical practice Elemental relationships with deities, elemental beings, and spirit animals An overview of Wiccan ritual with a focus on the Elements, including altar layout, casting the circle, and calling the quarters Techniques and magical practices for working with individual Elements Spells, rituals and charms focused on each individual Element In addition, you'll find tables of correspondence covering the magical properties of each Element, as well as associated colors, spell ingredients, ritual tools and more at the end of the guide. Elemental Magic will be a treasured reference, magical guide, and springboard for you to make your own discoveries about the power of the Elements and the magic they have to offer.
